

HR0602A-SPEC

Lens Specification

| NO | SPECIFICATIONS          |          | PARAMETER         |
|----|-------------------------|----------|-------------------|
| 1  | Model Number            |          | T-110450          |
| 2  | Lens Type               |          | 液态远心              |
| 3  | Sensor                  |          | 1.1"(14.08x10.56) |
| 4  | Resolution              |          | 3.45um            |
| 5  | Image Circle(Max.)      |          | ∅17.6mm           |
| 6  | F-Number                |          | 7.1               |
| 7  | TTL(Total Length)       |          | 117.92mm          |
| 8  | FBL(Flange Back Length) |          | 17.526mm          |
| 9  | MTF140lp/mm(T/S)        | 1.0Field | ≥ 30%             |
| 10 | Distortion              |          | ≤ 0.1%            |
| 11 | Working Distance        |          | 90mm-140mm        |
| 12 | Depth of Field          |          | 50mm              |
| 13 | Telecentricity          |          | ≤ 0.1°            |
| 14 | Mount                   |          | C-Mount           |
| 15 | Operating Temperature   |          | -10-+50°C         |
| 16 | Storage Temperature     |          | -20-+60°C         |

|              |      |     |      |      |              |
